

Art. 659 POLYPLAN Architecture Type III PFL

This product has been especially developed for long-term outdoor-applications. A base fabric made of anti-wicking, high-tenacity polyester yarns fulfils the mechanical parameters and is enclosed by a highly UV-resistant, flame-retardant and fungicide treated soft-PVC coating. The PFL-surface sealing with the approved weldable PVDF-lacquer ensures long-term protection against environmental impacts, dirt-repellence and durability.

Weight:	1200 g/m²
Width:	250 cm
length:	65 m
Type I-V:	Type III
Max. tensile strength:	5600/5400 N/5cm
Tear strength:	950/800 N
Application:	Tensile structures
Surface:	high gloss, lacquered, PVDF
Properties:	Anti-Wicking, flame-retardant, fungicide finish

base-fabric made of high-tenacity polyester yarns --> strong mechanic properties anti-wicking-yarns in warp & weft --> protection against microbial attacks and staining UV-resistant PVC-Coating --> long durability PFL-surface sealing with PVDF --> durable, dirt-repellent, weldable
